EXPERIENCE CERTIFICATE

Date: February 19, 2026

To Whom It May Concern,

This is to certify that Mr. Azzam Aziz Ali has been employed with FAST CAISSE SRL as a Full Stack Web Developer and SEO Specialist from August 2023 to the present, on a full time remote basis.

During his tenure, Mr. Ali has demonstrated strong technical expertise, reliability, and ownership across both web development and search engine optimization. His work has been instrumental in strengthening and expanding our digital presence across Belgium.

Key Responsibilities and Achievements:

Web Development Projects:

Mr. Ali designed, developed, and deployed the following production applications:

- FAST CAISSE Customer Ordering Platform**
 - Built a modern customer facing ordering platform using Nuxt 3, TypeScript, and Tailwind CSS.
 - Implemented multilingual support (French, Dutch, English) for the Belgian market.
 - Integrated the platform with our Laravel backend API and third party delivery services.
- FAST CAISSE Corporate Website (fastcaisse.be)**
 - Delivered the corporate website presenting our POS and CRM solutions.
 - Implemented responsive design, performance optimization, and SEO best practices.
 - Integrated Cloudflare Turnstile security and contact management workflows.
- Restaurant Self-Service Kiosk Application**
 - Developed a touch optimized kiosk application using Next.js 15 and React 19.
 - Integrated payment terminal services and real time order processing.
 - Designed a multilingual UI aligned with accessibility requirements for public kiosks.

4. FAST CAISSE Core Backend System

- Contributed to a Laravel 10 restaurant management and administration system.
- Implemented integrations with partners.
- Developed order management, inventory tracking, and reporting modules.

SEO and Digital Marketing:

- Keyword Research and Optimization: Conducted multilingual keyword research (FR/NL/EN) for Belgium, improving visibility for competitive.
- Technical SEO: Improved site architecture, implemented structured data, enhanced Core Web Vitals, and ensured mobile responsiveness across platforms.
- Content Strategy: Developed SEO optimized content strategy contributing to improved rankings and organic traffic growth.
- Competitive Analysis: Performed ongoing competitor analysis within the Belgian market to identify opportunities.
- Performance Optimization: Achieved page load times under 2 seconds using code splitting, lazy loading, image optimization, and CDN delivery.
- Local SEO: Optimized Google Business Profile presence and local citations for the Brussels market.

Technical Skills Demonstrated:

- Frontend: TypeScript, React 19, Next.js 15, Vue 3, Nuxt 3, Tailwind CSS
- Backend: PHP, Laravel 10, Node.js, API development and integration
- Database: MySQL, Eloquent ORM, query optimization
- DevOps: Git version control, Vercel deployment, Linux server management
- SEO Tools: Google Analytics, Google Search Console, keyword research platforms
- Integrations: Payment terminals, delivery platforms (UberEats, Deliveroo, Takeaway.com), printing services

Professional Qualities:

- Strong problem solving skills across the full technology stack.
- Clear communication in multilingual project environments.
- Ability to work independently while managing multiple projects.
- Commitment to code quality, security best practices, and maintainable architecture.
- Proactive learning mindset and ability to adopt new technologies quickly.
- High attention to detail in both development delivery and SEO execution.

Mr. Ali's contributions have directly supported our growth from serving local customers.

We highly recommend Mr. Azzam Aziz Ali for any Full Stack Web Development or SEO Specialist role. He has been a valuable asset to FAST CAISSE SRL, and we wish him continued success in his professional career.

Should you require any further information, please feel free to contact us.

Sincerely,

DABBOUR Nasser
